

Eco-Friendly Equipment We Use A Proper Waste Water Disposal Process

Sometimes water a resident uses may get disposed of into the gutter, which drains directly into the waterways along with the cleaning agents, bacteria and debris. Our Truck is Self-Contained and we use a proper waste water disposal process.

We exclusively use a biodegradable cleaner to help us freshen your trash cans in our cleaning process.

Our Reviews

Sharolyn E.

Today I am gonna talk trash. No not that. Trash cans actually. The big waste rollers, that we visit every day & put the worst of the worst in. Just had Nice Cans clean & high heat sanitize them. What an improvement. I no longer think of this as a luxury, like the \$5.00 a day coffee habit that we have grown accustomed to. But a necessity. When you can open the lid of any of the 3 cans (even on your way to work) & not say gross & look for something to wipe your hands on. It is a great thing. Visit my friends at WWW.NICECANSNJ.COM

Liz M. and Mamie G.

We want to thank NICE CANS for their service. It was better than we expected. Our cans were so gross but now they are like new. We are looking forward to having our cans cleaned again. Thank you for providing this service.

Susan B.

I had my first service today from Nice Cans! Wow and astonished, I am soooo pleased! This is a wonderful service! My cans look and smell brand new! I absolutely love having you in my helpful file!

Susan H.

I just wanted to thank you so much for our service today. Not only are our cans clean but, what a wonderful surprise to find them put beside the house. We really appreciate what you did today. And your correspondence throughout this process has been beyond our expectation.

WE CLEAN YOUR TRASH CANS INSIDE AND OUT

Client Feedback SCORE 10

Just wanted to thank you for a job well done. I love this service and the ease of booking and paying online! I look forward to scheduling with you again.

Meet Our Team

Matt Nemes

We provide

Next Day Cleaning Services

of your trash cans curbside at your home.

Removes 99.9% of germs & 100% of the hassle

Our Unique Trailers Are Built For ONE Purpose!!

Convenient & Fast

Service is provided on your trash pick-up day and eliminates the hassle and mess associated with having to do it yourself.

Bug & Rodent Solution

Removes and prevents odors that attract various bugs and rodents like flies, wasps, raccoons and opossum. Rids your cans of spiders as well.

Sanitize & Freshen

Stops the spread of disease by eliminating bacteria and other harmful organisms. High Pressure and Heat to sanitize and a biodegradable deodorizer ensures a fresh smell.

Eco-Friendly Process

No need for harsh chemicals and all waste water is collected by the truck for proper disposal. We use 80% less water than doing it yourself.
